Also available:
Walk-in Model **W540** [Above]
Standard in Anodized Aluminum with NO Floor

For additional flexibility ~ use the multi-level enclosures so that the animals have access to all levels. Order your upper floor with an access hole or the recessed litter pan option. When the litter pan (provided) or floor insert (optional) is in place, the levels are completely separate ~ but take it out and the animal can easily move between levels!
